Wellness & Spa at The Grace

At The Grace, wellbeing begins with a gentle shift in pace. The space is quiet, unhurried, and time is allowed to unfold.

Our wellness offering is designed to support rest and recovery in a way that feels considered and intuitive. Each treatment is delivered with care and attention, allowing you to step away from the everyday and settle into the moment.

From the moment you arrive, a sense of calm begins to settle in, staying with you long after you leave.

Wellness Facilities

Our Wellness & Spa facilities offer a considered space to unwind and reset.

Guests can move between the wellness suite, including our steam room, sauna and jacuzzi, before continuing to the 20m swimming pool or the Tiny Tides paddling pool for younger swimmers. A hydrotherapy pool offers a more restorative experience, while a dedicated wellness studio and fully equipped gym support both movement and recovery.

Six treatment rooms, a spacious beauty suite and a quiet relaxation room to complete the experience, alongside thoughtfully designed changing facilities to ensure comfort throughout your visit.

The GROUND Story

Peigín Crowley, a wellness expert with almost three decades of experience in spa therapy and treatment design, founded GROUND Wellbeing in 2020.

Drawing on her experience working closely with the body, The GROUND Story was created when Peigín developed a collection designed to support sleep, stress, hormonal balance and recovery in a simple and considered way. All products are handmade in Ireland using natural, vegan ingredients and are designed to support both in-spa treatments and rituals at home.
